18:30				
19:00				

**Spring 2020/ Knowledge Hub 4 Online:** In light of the current unprecedented situation linked to the COVID-19 outbreak, the Spring School will be re-scheduled as video conference and provides an open space for the joint knowledge production across WP 1-3 and the discussion of the POEM toolbox. Guest lecture 3 will be organised by AU with Heike Winschiers-Theophilus on design thinking in participatory heritage work; training unit 4, focusing on the organisational issues of managing and organising talents, will be postponed to September 2020.

### **Public Guest Lectures as Open Access Video Talks**

The public guest lectures given at the POEM Knowledge Hubs are made available as open access video talks on the project website. The guest lecture by Prof Heike Winschiers-Theophilus (Namibia University of Science and Technology, NUST) “Where the past is still present – Co-designing digital technologies for contemporary multi-cultural Namibia” will be made available here: <https://www.poem-horizon.eu/news/>.
